IRAC Norms: SMA, NPA Classification and NPA Upgradation

This is to confirm that I/We have understood the concepts related to dues, due dates, and classification of our borrower accounts as SMA/NPA under conduct of the accounts as mentioned below in reference to the Credit facility sanctioned to me/us.

Definitions:

Dues: The principal / interest/ any charges levied on the loan account which are payable within the period stipulated as per the terms of sanction of the credit facility.

Overdue: The principal / interest/ any charges levied on the loan account which are payable but have not been paid within the period stipulated as per the terms of sanction of the credit facility. In other words, any amount due to the bank under any credit facility is 'overdue' if it is not paid on the due date fixed by the bank.

Relevance of the Principle of 'First In First Out' (FIFO) in appropriation of payments into the borrower account: The Principle of FIFO i.e., 'First In, First Out' accounting method is relevant to arrive at the No. of days of overdue for determining the SMA / NPA status. The FIFO principle assumes that the oldest outstanding dues in the loan account needs to be cleared first. The FIFO method thus requires that what is due first must be paid by the borrower first. For example, if in any loan account as on 01.02.2021 there are no overdue and an amount of Rs. X is due for payment towards principal instalment/interest/charges, any payment being credited on or after 01 02.2021 in the loan account will be used to pay off the dues outstanding on 01.02.2021.

Assuming that nothing is paid /or there is partial payment (Rs Y) of dues during the month of February, the overdue as on 01.03.2021 will be Rs .X-Y. Additionally, an amount of Rs.Z becomes due as on 01.03.2021, Now any payment /partial payment into the account on or after 01.03.2021 will be first utilized to pay off the partial due of 01.02.2021 (Rs X - Rs.Y) If there is more recovery than the Rs X - Rs Y. then after recovering dues of 01.02.2021, the remaining amount will be treated as recovery towards due of 01.03.2021.

Age of oldest Dues: The age of oldest dues is reckoned in days from the date on which the oldest payment is due and continues to remain unpaid in the aforesaid illustration, if the Dues relating to 1 st February 2021 remain unpaid till 01.03.2021, the age of the oldest dues is reckoned as 29 days on 02.03.2021.

Non-performing Asset (NPA): Non-Performing Asset (NPA) is a loan or an advance where interest and/ or instalment of principal remains overdue for a period of more than 90 days in respect of a term loan.

Classification as Special Mention Account (SMA) and Non-Performing Asset (NPA): Lending institutions will recognize the incipient stress in loan accounts, immediately on Default, by classifying them as Special Mention Accounts (SMA) The basis of classification of SMA / NPA Category shall be as follows:

SMA Sub-categories	Basis for classification - Principal or interest payment or any other amount wholly or partly overdue
SMA-0	Up to 30 days
SMA-1	More than 30 days and up to 60 days
SMA-2	More than 60 days and up to 90 days
NPA	More than 90 days
