UNVEILING SURYADEV'S FE550D CRS TMT BARS, FORGED TO CONQUER CORROSION

Suryadev Alloys and Power, a key player in the Indian steel industry and a leading player in Tamil Nadu, has launched Fe550D CRS TMT bars that offer unparalleled anti-corrosion properties. Suryadev Fe550D CRS TMT bars are meticulously crafted from high-quality iron ore and are enhanced with a robust blend of copper, chromium, and nickel. From the relentless assault of salt-laden sea air in coastal cities to the harsh reality of industrial pollutants in inland regions, the diverse climates of India present a formidable challenge to steel: corrosion. This issue poses a significant concern nationwide and is estimated to cost the Indian economy 3-4% of its GDP annually. Research indicates that the rate of corrosion in coastal areas may be up to four times greater than in inland regions. However, even in areas far from the coast, industrial pollutants serve as silent aggressors, accelerating corrosion and potentially diminishing the structural integrity of buildings by 1-3% annually.

ALIBI GLOBAL INKS MOU WITH IIT BOMBAY

Cyber intelligence and digital forensic startup Alibi Global Private Limited, registered under the Kerala Startup Mission, has signed an MoU with IIT Bombay for the technology transfer of Spherical Robot for room intervention. Spherical Robot is a state-of-the-art surveillance technology developed for defence & law enforcement agencies. It is designed to operate in hazardous environments compromised by hostile forces. As per the License and Consultancy Agreement, IIT Bombay will offer support to Alibi to scale up production and customize the technology to address the unique requirements of defence and paramilitary forces. Dr SP Sunil, Director of Operations, Alibi Global, & Prof. Sachin Patwardhan, Dean (R&D), IIT Bombay, signed the agreement at IIT Bombay. This compact, tele-operated robot, approximately the size of a handball, can be deployed with ease into difficult terrains, providing real-time panoramic visual feedback to its operators. Shyam KM, Business Director, Alibi, said the firm has been an active contributor to India's defence and law enforcement sectors for over three years, and is proud to collaborate with IIT Bombay to bring Indian Innovations to the forefront of the global market under the Make In India initiative. The technology was developed at the National Centre for Excellence in Technology for Internal Security (NCETIS), a centre funded by the Ministry of Electronics and Information Technology (MeitY) at IIT Bombay.

AMRITA UNIVERSITY WINS AT THE PRESTIGIOUS TIMES HIGHER EDUCATION AWARDS ASIA FOR OUTSTANDING CONTRIBUTION TO ENVIRONMENTAL LEADERSHIP

Amrita Vishwa Vidyapeetham, ranked among the top 10 universities in India in the NIRF 2023, has won the prestigious Times Higher Education (THE) Asia Award for its Outstanding Contribution to Environmental Leadership. At the heart of this recognition is Amrita University's groundbreaking initiative - Live-in-Labs, an internship program in rural India. The students live in impoverished villages across the country to collaborate with the community and find sustainable solutions for the challenges the people face in their daily lives. Dr. Maneesha V Ramesh, Amrita's Provost & Dean of Amrita School for Sustainable Futures said, "Amrita Vishwa Vidyapeetham is extremely honoured to be selected for our contribution to Environmental Leadership by THE Awards Asia 2024. When our Chancellor, Sri Mata Amritanandmayi Devi (Aamma), envisioned Live-in-Labs® over a decade ago, Amrita was one of the first universities in the world to provide an opportunity for students to experience village life and code sign sustainable solutions for solving the challenges in the community. The program was devised to instill compassion in the youth and empower communities through their involvement. Thereby, providing an ecosystem to translate scientific advances to uplift the villagers at the bottom of the pyramid and create a sustainable future for all. Our impact is a testament to our work, and it is a proud moment to be awarded by THE. There is more to do and we shall remain steadfast in our mission to offer sustainable solutions." Since its beginning in 2013, Live-in-Labs has reached more than 1 million beneficiaries across 25 states. With participation by over 30 international institutions and 50 departments at Amrita, students and faculty have clocked in a monumental 400,000+ hours in the field working towards sustainable development in rural communities. Amrita was also the only Indian institution to receive an award this year.

CORPORATE BRIEFS
